

The Fairy Christmas Poem

*Elves and fairies on a mission
for Christmas*

Keeping Santa's list up to date

*The elves make the toys and the
fairies bring them magic*

*Plenty to share with a shake of
their wings or a top of their wand*

*And all enjoy the sweetness
of the holiday season*

*If you look around you might
catch a glimpse*

*As they come to wish you the
best of the season*
