

I have some special talents. I'm a fairy and my name is Oak Goldtree and I like to find shiny coins and pretty trinkets that have been lost or abandoned and give them a good home. I can only be seen when the first autumn leaves tumble off the trees.

I make my home in forests filled with oak and ash trees. I like to dress like the autumn forest so I wear bright reds, oranges and yellow to look like the stunning autumn leaves. My wings are the colour of the cicada - bright lemon yellow.
